

# Sodium Bicarbonate

NephroCan's sodium bicarbonate cartridges, NephroCarts, facilitate the safest and most effective dialysis process. Manufactured to the highest standard and in compliance with USP/BP/EP, NephroCan Cartridges are ready to conduct online preparation of liquid bicarbonate solution for one hemodialysis treatment at a time while providing extra protection with external caps for the best hygienic post-treatment disposal.

## UNIVERSAL

Unique cartridge design allows for use with most popular dialysis machines.

## SUSTAINABLE

Environment-friendly material (Polypropylene).

## DESIGN

External caps allow protection and hygienic post-treatment disposal options.

## Key NephroCart Features

- ☀ Sodium bicarbonate powder in a polypropylene cartridge for online production of liquid bicarbonate solution.
- ☀ Dust proof packaging.
- ☀ Open ports means perforation is not needed, reducing the risk of machine damage by unsolved powder.
- ☀ Available with 650g Sodium Bicarbonate powder, for one treatment.
